

Automotive Export Enhancement

01 June 2021

Headed by Abdul Razak Dawood, Advisor to Prime Minister on Commerce & Makhdoom Khusro Bukhtiar

Federal Minister for Industries & Production. It has been my pleasure too attend meeting to enhance the export of the Auto sector.

For the Auto sector, I have suggested that for betterment we need to devise a long-term strategy so it can be beneficial for all concerned.

In the end i am gratefull that Government has shown interest which is very encouraging for us hopefully our suggestion will be given due consideration.
